CONGRESSMAN CHARLIE MELANCON wants everyone to be fully prepared for the next hurricane. His office is committed to communicating the most up to date hurricane evacuation and preparedness information. As they did during Hurricanes Katrina and Rita, Congressman Melancon's office and staff will work to provide support and help for 3rd district families when they need it most.

The hurricanes of 2005 taught everyone that we can always be better prepared for the next storm. Make sure your family is prepared for Hurricane Season 2006. — Congressman Charlie Melancon

HURRICANE PREPAREDNESS CHECKLIST

- Know your home's vulnerability to hurricane forces such as storm surge, flooding and wind.
- Determine escape routes from your home to shelters located near your home. For the latest evacuation routes for your area go to: <http://www.ohsep.louisiana.gov/evacinfo/stateevacrtes.htm> or call (985) 369-7386.
- Have an out-of-state friend as a family contact, so all your family members have a single point of contact in case phone lines are down.
- Make a plan now for what to do with your pets if you need to evacuate.
- Check your insurance coverage - flood damage is not covered by homeowners insurance.
- Create a Disaster Supply Kit. You will need a radio, batteries, non-perishable food and bottled water, regardless of whether you decide to evacuate or ride out the storm in your home.
- Take evacuation orders seriously** and make sure you and your family have a way to evacuate if need be.
